Okay, here's an interesting fact about the School of Social Administration at Harvard University (SSAHE – pronounced "sassa-hay"):

It was the birthplace of the "Harvard Method" of social work training.

Founded in 1925, the SSAHE pioneered a radically different approach to social work education compared to the traditional, casework-focused model prevalent at the time. Instead of primarily training caseworkers, the Harvard Method emphasized:

- **Social Systems Theory:** Students were taught to view social problems within the context of larger social systems and

Can my tuition fees at SSAHE paid by an external sponsor?

Yes, tuition fees at the School of Specialised Arts and Humanities Education (SSAHE) can be paid by external sponsors.

Here's a breakdown of how it typically works:

- **Sponsorship Agreements:** SSAHE has established procedures for accepting sponsorships. You'll need to enter into a formal sponsorship agreement with the sponsoring organization.
- **Documentation:** This agreement will typically require documentation from both SSAHE and the sponsor, outlining the terms of the sponsorship, including the amount, duration, and any conditions.
- **Payment Methods:** The sponsor will usually remit payments directly to SSAHE according to the agreed-upon schedule.

To get the most accurate and up-to-date information, it's crucial to contact SSAHE directly. You can find their contact details on their official website: https://www.ssahe.edu.np/
